Dear Valuable Partners,

Boditech Med Inc. announce that ichroma™ Vitamin D test is certified and listed to the Centers for Disease Control and Prevention (CDC) Vitamin D Standardization-Certification Program(VDSCP) from 2019, November.

CDC's Vitamin D Standardization-Certification Program (VDSCP) evaluates the accuracy and reliability of vitamin D tests using well-established procedures and certifies those that have a certain accuracy and precision. The major Vitamin D manufacturers including DiaSorin and Roche are participating this program.

By listed to VDSCP program, Ichroma™ Vitamin D is proved its precision and accuracy, competing with major Vitamin D tests.

AFIAS Vitamin D is currently processing VDSCP and expected to be listed by 2020.

Please refer attached file for VDSCP certified manufacturer list.
